Dear Ms. Zariczny:

I am pleased to inform you that I have signed the decision memo for the Special Use Permit Reauthorization for National Fuel Gas Company project. Two subdivisions of the National Fuel Gas Company, National Fuel Gas Distribution Corporation and National Fuel Gas Supply Corporation, have been working with Forest Service for several years to bring their expired special use authorizations up to date. These corporations hold several special use permits for pipelines, roads, and other facilities and infrastructure related to the supply and distribution of natural gas on the Allegheny National Forest. My decision is to consolidate the special use permits held by these corporations into one permit for each company and to reauthorize them for new terms.

Thank you for your comments and support. Additional information regarding my decision, can be obtained from the enclosed decision memo, by visiting the project website at <https://www.fs.usda.gov/project/?project=60530>, or by contacting Lands Program Manager Bob Monroe at 814-728-6231 or [robert.monroe@usda.gov](mailto:robert.monroe@usda.gov). My decision can be implemented immediately.

Sincerely,

X
